

## **BAND PARENT VOLUNTEER INFORMATION**

*The involvement of parent volunteers is absolutely essential for the success of our outstanding band program and our students. It is the one opportunity, at the high school level, where parents can be directly involved with their student. With the many events- football games, marching festivals, concerts, etc- on our calendar, it takes the time and energy of a small army to support our kids!*

*All of the information and activities may seem a bit overwhelming, but we promise there is an opportunity somewhere in our program for your expertise. Please see below for an explanation of specific areas where the band can use your help.*

*Working with this special group of young people can be very rewarding and lots of FUN! Someday your child will thank you for your support.*
